Call for scholarships to attend the scientific event sponsored by the Italian Association for Artificial Intelligence

International Workshop on Artificial Intelligence and Cognition - AIC 2014

The Italian Association for Artificial Intelligence (AI*IA) offers travel grants, which partially support the travel, the accommodation and the meal expenses, for the participation of students in the scientific event International Workshop on Artificial Intelligence and Cognition - AIC 2014.

Candidates should
- be enrolled in a Bachelor, Master or PhD program or be recently graduated from a Bachelor/Master program; and
- be a member of AI*IA for 2014 (registration page); and
- have good English skills.

The candidates should email the travel grant application to Antonio Lieto, Daniele Radicioni and Fabrizio Riguzzi (lieto@di.unito.it, radicion@di.unito.it fabrizio.riguzzi@unife.it) by October 15th, 2014. The application should include:
- personal data, the phone number and the email address;
- a one-page (at most 500 words) curriculum vitae of the candidate. Bachelor/Master students should include the average mark; recently graduated students should include the graduation mark;
- a letter from a researcher/professor including an assessment of the current status of the candidate (i.e., student/recently graduated);
- a budget estimating the travel, accommodation and meal expenses (excepting the symposium registration fee that cannot be refunded by the grant);
- the amount of the requested grant;
- it will be possible to fund up to 2 requests, and for expenses up to 250 euros. Please note that reimbursement requests must be lower than or equal to the estimated budget.

The applications will be evaluated by a commission formed by:
- Antonio Lieto (organizing committee of the event);

- Daniele Radicioni (organizing committee of the event);
- Fabrizio Riguzzi (AI*IA board of directors).

The commission will evaluate the submitted applications, and will select the students that will receive travel grants on the basis of the following priorities:

1. bachelor and master students and, among these, according to the average of their exam grades;
2. recent graduates;
3. PhD students.

The selected students will have to confirm their participation in the symposium in 2 days. After the event, the selected students will have to send a scanned copy of the certificate of attendance and of the receipts of their travel, accommodation and meal expenses for which they ask reimbursement, to the AI*IA treasurer <u>Sara Manzoni</u> together with their IBAN account number.

Moreover, they have to send the originals of the receipts by mail to the AI*IA accountant
